Dear Sir/Madam,

**Subject: Press Release Intimation**

Pursuant to Regulation 30 and other applicable regulations, if any, of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), please find enclosed Press Release titled "**Anupam Rasayan Signs LOI with E-Lyte Innovations and FUCHS LUBRICANTS GERMANY, for Long Term Supply of Electrolyte Salt, Strengthening its Position in the Lithium-Ion Battery Chemicals Market**" which shall be issued by the Company today i.e., June 12, 2025.

Details required under Regulation 30 of the SEBI Listing Regulations read with SEBI Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024, is annexed herewith as Annexure A.

This Press Release will also be available on the website of the Company at [www.anupamrasayan.com](http://www.anupamrasayan.com).

We request you to kindly take the same on record.

Thanking You,

Yours faithfully,

**For Anupam Rasayan India Limited**

**Anand Desai**  
**Managing Director**  
**DIN: 00038442**

Encl.: As above

# ANUPAM RASAYAN INDIA LTD.

## Annexure A

The details required under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with SEBI Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024:

Sr. No.	Particulars	Details
1.	name of the entity awarding the order(s)/contract(s)	The Company has signed Letter of Intent (LOI) with E-Lyte Innovations GmbH (E-Lyte) a European developer and supplier of electrolyte solutions for energy storage and FUCHS LUBRICANTS GERMANY GmbH a subsidiary of FUCHS SE working on innovative lubricant solutions.
2.	significant terms and conditions of order(s) /contract(s) awarded in brief;	Commercial deliveries could begin as early as FY 2026-2027. The LOI envisions supply of a volume of up to 1,500 TPA of Lithium Hexafluorophosphate (LiPF <sub>6</sub> ).
3.	whether order(s) /contract(s) have been awarded by domestic / international entity;	International Entity
4.	nature of order(s) / contract(s)	Letter of Intent (LOI)
5.	whether domestic or international	International
6.	time period by which the order(s) /contract(s) is to be executed	5 years
7.	broad consideration or size of the order(s)/contract(s);	The LOI envisions supply of a volume of up to 1,500 TPA of Lithium Hexafluorophosphate (LiPF <sub>6</sub> ), based on market conditions.
8.	whether the promoter/ promoter group / group companies have any interest in the entity that awarded the order(s) /contract(s)? If yes, nature of interest and details thereof	No
9.	whether the order(s) /contract(s) would fall within related party transactions? If yes, whether the same is done at "arms' length"	No

## **Anupam Rasayan Signs LOI with E-Lyte Innovations and FUCHS LUBRICANTS GERMANY, for Long Term Supply of Electrolyte Salt, Strengthening its Position in the Lithium-Ion Battery Chemicals Market**

**Surat, June, 12, 2025:** Anupam Rasayan India Ltd. (NSE: ANURAS, BSE: 543275), a leading provider of custom synthesis and specialty chemicals, has signed a Letter of Intent (LOI) with E-Lyte Innovations GmbH (E-Lyte) a European developer and supplier of electrolyte solutions for energy storage and FUCHS LUBRICANTS GERMANY GmbH a subsidiary of FUCHS SE working on innovative lubricant solutions. This LOI is considered the entry point for Anupam Rasayan's collaboration with leading European companies within the battery value chain to take the next step in entering the fast-growing lithium-ion battery chemicals market. This agreement now lays the foundation of negotiating a supply contract with an initial term of five years. Commercial deliveries could begin as early as FY 2026-2027. The LOI envisions supply of a volume of up to 1,500 TPA of Lithium Hexafluorophosphate ( $\text{LiPF}_6$ ), based on market conditions. The LOI is subject to standard terms as regards generally accepted rights for an agreement of this nature.

Speaking about the LOI, **Anand Desai, Managing Director of Anupam Rasayan**, said, "This partnership with E-Lyte and FUCHS LUBRICANTS GERMANY is a significant step forward in our planned journey of diversification and growth into the energy storage segment. This LOI is a crucial step towards establishing a long-term relationship and a strategic partnership with E-Lyte and FUCHS LUBRICANTS GERMANY for supply of high-quality cost-effective electrolyte salts. Our process optimization capabilities have played a pivotal role in ensuring the product's validation, offering significant advantages over its global commercial scenario. Additionally, our backward integration in fluorine chemistry through our subsidiary, Tanfac Industries Ltd, provides raw material supply chain security—a critical factor that contributed to signing this LOI. Anupam will be one of the first manufacturers of this molecule in India commercially, strengthening our foothold in the rapidly expanding battery ecosystem. Entering the battery chemicals market positions Anupam as a preferred partner for global innovators in advanced energy solutions. This is one of the many products Anupam is working on in the battery space that has been successfully agreed for supply to a customer, with several others in the pipeline."

E-Lyte is at the forefront of innovation in the battery sector, developing and producing breakthrough liquid electrolytes for innovative energy storage systems used in various applications, with a focus on e-mobility. Since 2022, FUCHS LUBRICANTS GERMANY GmbH has been supporting E-Lyte in its role as minority shareholder and strategic partner in expansion to meet the steadily growing demand.

**Dr. Ralf Wagner at E-Lyte**, about the signed LOI, stated, "It is of the utmost importance for E-Lyte to be able to source electrolyte components, which are critical for our products, at the highest quality and at stable prices at all times. With Anupam Rasayan, we are therefore very fortunate to have another experienced potential supplier at our side who fulfils these criteria and thus contributes to the future-proof production of our electrolyte solutions for lithium-ion, sodium-ion and next-generation batteries. "

### **About Anupam Rasayan India Ltd.:**

Anupam Rasayan India Ltd (Anupam) is one of the leading companies engaged in the custom synthesis (CSM) and manufacturing of specialty chemicals in India. Incorporated in 1984, the speciality chemicals major has two verticals: Life science related Specialty Chemicals comprising products related to Agrochemicals, Personal Care and Pharmaceuticals, Other Specialty Chemicals comprising Specialty Pigment and Dyes, and Polymer Additives.

Anupam caters to a diverse base of Indian and global customers. It is currently manufacturing products for over 71 domestic and international customers, including 31 multinational companies. Anupam operates via its six manufacturing facilities in Gujarat, India, with four facilities located at Sachin, Surat and two located at Jhagadia, Bharuch with an aggregate installed capacity of about 30,000 MT as of March 31, 2025. Anupam offers multistep synthesis and undertakes complex chemical reactions technologies, for a diverse base of Indian and global customers.

#### **About E-Lyte Innovations GmbH:**

E-Lyte Innovations GmbH is a leading European company for the development and production of electrolyte solutions for innovative energy storage systems. Since 2019, E-Lyte has been supplying its industrial and research partners worldwide with products of the highest quality. The E-Lyte brand stands for guaranteed reliable products that are used in both commercial series production and complex research projects. In 2024, E-Lyte opened a highly innovative production facility in Kaiserslautern (Germany) with a capacity of 20,000 tons per year, setting new standards for the industry.

#### **About FUCHS:**

Founded in 1931 as a family business in Mannheim, FUCHS is now the world's largest independent supplier of innovative lubrication solutions, covering almost every industry and application. Today, the company's over 6,800 employees in over 50 countries still share the same goal: to keep the world moving both sustainably and efficiently. To live up to this claim, we think in terms of perfection, not merely standards. When developing individual solutions, we enter into an intensive customer dialogue – acting as an experienced consultant, innovative problem solver and reliable team partner.
